

High Quality Clothing Manufacturer

Clothing Manufacturer **ALEM SWEATER & KNITWEAR LTD.** a modern knit manufacturer of high-quality exportable fabrics and apparels in Bangladesh having all state-of-the-art facilities with monthly production capacity 2.3 to 3 lac pcs.

Clothing Sewing

The difference between an Haute Couture garment and a standard family wear garment is defined largely by three qualities: details, details, details. If your garment has stitching that comes loose at the ends, stitching that isn't 100 % precisely uniform.

Clothing Sample Making

Making your first sample is a huge step. It's when the baby in your mind gets born kicking and screaming into the real world. This sample is used to test against the real world. If you like it, you'd generally take this sample and test it on a fit model for comfort and wear ability.

Knitting Method

Knitting is a method by which thread or yarn may be turned into cloth. Knitting consists of consecutive loops, called stitches, swatch. As each row progresses, a new loop is pulled through an existing loop.

Fabrics Type.

Fabrics are manufactured from various raw-materials which are available from nature or artificially generated or mix of both. Fabrics can be classified based on the origin of fibers and its processes or its end usage.

Clothing Pattern Making

Clothing Manufacturer **ALEM SWEATER & KNITWEAR LTD.** pattern makers have decades of experience making patterns for everything from men's suits to wedding dresses. This level of experience gives us the ability to solve complex design and fabric problems.

Dyeing Method

Dyeing operations are used at various stages of production to add color and intricacy to textiles and increase product value. It chemically changes a substance so that the reflecting light appears colored.

Pantone Color Code

PANTONE Color Cue®2.1 is a portable, affordable, spectra-colorimeter preprogrammed with PANTONE Color data. It instantly identifies the closest PANTONE Color of any flat surface, empowering designers across the graphic arts, fashion.

Clothing Label and accessories

The perfect affordable finishing touch to your clothing products is our custom woven, print cloth fabric labels, care label and clothing tags. These are professionally woven cloth labels used by many large garment manufacturers.

Apparel Manufacturing Processes

Ready to wear apparel or garment manufacturing involves many processing steps, beginning with the idea or design concept and ending with a finished product. Apparel manufacturing process involves Product Design.

Clothing Fabric Cutting

Fabric cutting is far a lot of a fancy method than you may understand and clothing manufacturer ALEM SWEATER & KNITWEAR LTD. uses Niebuhr cradle feed spreading machines, elements and also Porex Vacuum Hold Down Sheets that enable us to unfold the materials, textile while not and stitching swing.

Clothing Screen Printing

Clothing Manufacturer ALEM SWEATER & KNITWEAR LTD. offers both digital and conventional screen printing. For very small quantity projects, the digital screen-printing process is much faster and cost effective. For larger quantities.

Clothing Quality Assurance

We have a quality policy for quality assurance. We introduced independent quality control team (iqct). The quality policy is written in English and in our native language. "The quality policy of Clothing Manufacturer ALEM SWEATER & KNITWEAR LTD.

Embroidery for Clothing

Clothing Manufacturer ALEM SWEATER & KNITWEAR LTD. sewing department also offers embroidering garment. Ondenim, this if generally done on the seat pockets. Embroidering is not just done with thread, yarn it can incorporate pearls, metal strips, quills, beads, and sequins.
